and 488% for demand. The total sales of stock to-day were 131,787 shares, including Delaware, Lackawanna and Western, 13,400; Lake Shore, 10,000; Louisville and Nashville, 37,000; Northwestern, 5,215; New Jersey Central, 6,730; New York Central, 11,375; Pacific Mail, 12,255; St. Paul, 12,190; Union Pacific, 24,275, and Western Union, 13,260.

There is no change in quotations of Government bonds, which have been quiet.

State bonds are strong, showing in many cases an advance of 1 to 2 per cent, in quotations. There was a sale of North Carolina consols at 117. The railroad market has been quite active this siternoon, and prices generally strong, although Erie second, in which there has been a large busi-

ness, was barely steady.

The stock market has been dull but strong all day. Prices at the opening were generally 1/2 to 1/4 higher than they closed yesterday, from which there was a further advance of small fractions followed by a slight reaction in which the early gains were lost, and then a very quiet market with a strong undertone which developed no material change until 1 o'clock. A general, though somewhat vague, idea was developed in the afternoon, that rates east of Chicago were to be restored, upon which the market advanced somewhat, reaching the highest prices of the day shortly after 2 o'clock. In the last hour there was a moderate reaction, and the closing prices are generally 1/6 below the highest figures, but 1/6 above the first quotations. The duilness in the market is indicated by the statement that the total sales were 138 001 shares.

In the afterneon there was a spurt in Jersey Central, which rose to 37%, after selling in the morning at 36, and closed with a gain of 1 per cent. at 37% on small sales. Consolidated Gavis also up 1 per cent. at 57, and Manhattan Consolidated 13% at 56%. Among the active stocks those which developed the most strength were Western Union, Union Pacific and Pacific Mail, the last of the grangers were collinear quotations.

A dispatch received from Boston this afternoon and circulated here says that the statement that the Union Pacific had to borrow \$500,000 to pay its May interest is without the slightest foundation

The correspondence between Mr. Gould and the officers of the trunk lines was made public during the day, and it discloses the fact that most of the companies were willing to restore rates, providing that they can be satisfied that they will be maintained when restored, and that other minor points shall be conceded. The final answer from the New York Central was, however, not received before the closing of the Stock Exchange. The extreme ease in the money market with a decided increase of the surplus revenue, inspires the bull leaders with the confidence in their ability, not only to maintain, but gradually to advance quotations of their private stocks and the fact investment holders of securities are not throwing them upon the market at present quatations is discomfitting to the bears. The buils claim, however, that leading bears have liquidated any considerable portion of their short interest. There is a very good borrowing demand, though rates are generally easy. It is believed there has been considerable of certain stocks on the London market, where they can be obtained more easily then here. It was appounced by this afternoon. than here. It was announced late this alternoon the Rock Island statement recently published was in some respects incorrect as complete returns have not yet been forwarded to this city. The statement as published was only approximate. In comparing prices this evening with last Saturday, the changes are generally for fractional amounts, but Lackawanna is up 2½: Pacific Mail, 2: Union Pacific and Central of New Jersey, each, 1¾; and Western Union, 1½. The total sales this week have been 1,083,800 shares, a decrease of \$78,000 shares from last week.

878,000 shares from last week. Railway bonds continue comparatively activeespecially when the present condition of the stock market is considered. The sales to-day were \$1,221,900, a decrease from yesterday of \$535,00), but the falling off was due principally to the reduced trading in Erie seconds, new. Prices this evening generally show only slight changes from the last previous quotation, but the market in the afternoon was strong and the business to-day was very well distributed, showing a good investment demand. The only changes of importance were the advance of % in in the C. B. and Q. debenture fives to 100%: Albany and Susonehana first consolidated. % at in the C. B. and Q. debenture fives to 100%: Albany and Susquehana first consolidated, ½ at 128%; Louisville and Nashville trust bond, ½ at 91; Lake Erie and Western first, ¾ at 65%; Metropolitan Elevated seconds, 1½ at 101; M., K. and T. general consolidated 68, ½ at 77%; New York Elevated firsts, ½ at 121½; Nickel Plate firsts, 1½ at 12½; Union Pacific firsts, ½ at 116½, and the registered 88, 1½ at 99%. There was a decline of 1 per cent. in the Chesapeake and Ohio 63 series, coupon off, at 60; and the Chicago, Burlington and Quincy, Iowa division, 4s are 3% at 94%; Louisville and Nashville, New Orleans and Mobile firsts at 91, and the South North Alabama sinking fund sixes 1 at 89; Metro-North Alabama sinking fund sixes 1 at 89; Metro-politan Elevated Railroad first at 112½; West Shore first ½ at 30%; Missouri Pacific first consoli-dated % at 99½; Toledo, Peoria and Western first 1 at 72, and Toledo and Wabash second, ex-tended ¾ at 90½. Dry goods are receiving considerable attention, though the week can not be reckoned first-class. In the grocery market there has been a fair actly-

ity during the week, and prices have been fairly well sustained. Butter is lower, and concessions in cheese from previous quotations are said to have been made. Dried fruits and canned goods are having a quiet trade. Fish are rather dull. The products in most demand are green vegetables and strawberries. Eggs continue steady. Spring chickens; are in good demand.

Broker, No 21 Board of Trade.] CHICAGO, Ill., May 28 .- Wheat market steady without notable features. Active trade at opening succeeded by duliness throughout the balance of the day, varied at the close by a trifling excitement over the reported death of the German Emperor, and a decline in French rentes. Values have been steadily held despite the dullness and marked weakness in corn, cats and provisions. Local traders still confident of further decline despite the apparent strength. Corn is weak with a tendency to lower rates. Oats weak, tending lower, the increased receipts of both corn and oats causing free selling, partly by longs. Provisions weak, packers principal sellers. Molasses and Syrups—New grop New Orleans would have broken more rapidly under the daily process of hammering to which it has been subjected for the past three weeks. There was a report to-day that the Minneapolis millers have reduced the price of wheat but this was offset by the statement that there was an increased outward movement from Milwaukee and Duluth as a consequence of phenomenally cheap freight rates. The weather was warmer and more favoable. The market declined %c and closed about %c under yesterday. There was a weaker feeling in corn, occasioned by increased receipts and the expectation of heavy air vals next week, and some "long" corn was thrown on the market. There Moiseses and Syrups—New orop New Orleans molasses, 50@550; syrup, 28@450 per gal, for common to choice; maple syrup, \$1 10@1 25.

Rice—Carolina and Louisiana, 6@7c. was a strong effort made at one time to depress prices by the offering of large blocks, but they were taken, after which the market ruled % gle under yesterday. A flecline of about 1c occurred in oats, owing to the large arriva's and estimated large arrivals next week. Trading in provisious was light and the feeling was weak, occompanied by a lower range of prices. Flour dull and un-changed. Wheat ruled dull. The receipts showed a light increase with only a limited shipping inquiry to day. The weather was warme; and more favorable, and under this influence prices declined %c, the market closing %c under yesterday.

NEW ORLEANS, May 23.-Whisky-Unchanged AT HOME, BY C. W. BRYAN.

At home we keep our treasure, the precious ones of life; Father, mother, brother, sister, children, hus-At home we lay foundations for coming good or And start on our journey up life's uneven hill,

At home we build heart temples wherein we may The altars and the tables where our olive branches

At home we ask and answer the questions of fate. And seek to find the narrow path up to the gate that's strait, At home we shun the broader way to gates that

open wide. And hold the path of rectitude when opening paths divide: At home we trace the chart of time, with mingled hopes and fears, Find pain and pleasure, sun and storm mid tres-

ured smiles and tears, At home. At home were loved ones gather, the purest joys we know, ile holding closely in embrace our own, for weal or woe:

At home we drink of sorrow's cup, when falls affliction's tear.

And greetings and farewells are said by those we hold most dear, At home we tire and wander, but though we

roam afar, We keep the range and reckoning of our majestic At home, the dearest spot on earth, where deftly and with zest

We weave life's web to lay it down and seek oternal rest, -Good Housekeeper.

Why Didn't They Talk German? [Pittsburg Despatch.]

On Saturday afternoon, as Frau Materna was on her way from the dressing room to the stage in the Fifth Avenue Market house, she passed the stand of a vender of hams, she passed the stand of a vender of hams, bologua sausages, etc., whose busines was not at all interrupted by the matinee. Chancing to look up, the Wagnerian prima donna saw some sausage and blood pudding hanging on the hooks in the butcher's stand. She stopped, and a slow, progressive Wagnerian smile stole over her noble countenance.

"Dem wuz nize puddins," she exclaimed.

"Dem's de pest puddins efer you ete." said the outcher in an excited tone. "Vil

said the outcher in an excited tone. "Vil you hef a pite?'

Again that Wagnerian smile stole from its pasture, and the artist put forth her hand.

In a flutter of delight the butcher cut two or three inches of pudding from one of the coils and presented it on a brown paper charger.

Marterna ate it slowly and with great relish wiped off her hand on the paper, and, smiling for a third time, said to the butcher: "I dank you. Dem wuz sz nize puddins sz efer I expeerenzed," and she went out to charm the multitude, unconscious of having performed a feat which would have appalled an American athlete.

How often is the light of the household clouded by signs of melancholy or irritability on the part of the ladies. Yet they are not to be blamed, for they are the result of ailments peculiar to that sex, which men know not of. But the cause may be removed and joy restored by the use of Dr. Pierce's "Favorite Prescription," which, as a tonic and nervine for debilitated women, is certain, safe and pleasant. It is beyond all in live stock was yery quiet to day and prices were I shoulders, \$4; short ribs, \$5 65, Bacon-Easier; I compare the great healer of women.

The medical profession adds the weight of is testimony to that of thousands of persons in every walk and station of life who have learned the virtue of the new specific for rheumatism and nearalgia. Arthur M. Lee. M. D., of Pomona, Ill., writes: "I have subjected Athlophoros to a careful test in the treatment of neuralgia and rheumatism, and can cheerfully bear testimony to its uniform efficiency as a remedy in the treatment of those diseases under my personal observation in practice during the past six months."

A Touch of Protection,

[Detroit Free Press.] To the charge that the Massachusetts State authorities accepted military cloth at higher figures than the price of material offered by a Philadelphia firm, it is answered that the Philadelphia cloth failed to come up to the standard of quality and color. It is absolutely comical, however, to find a Pennsylvania firm complaining of anybody for giving the preference to home manufactures. That is the rock bottom of the Pennsylvania creed, and if they learn now and then how it is themsalves, it may let a little light into their iron bound, steel-clad, 100 per cent. duty minds.

DeLand's Chemical Baking Powder has always found an appreciative public. However, there are none so deaf as those who will not hear and none so deceived as those who buy any other brand than DeLand's Chemical Baking Powder, which is made from Cream Tartar and Sada only. Please try it. It will go farther, make better pastry, and is very healthful.
